JOBS Attendance Verification Update

We have received clarification regarding the use of IEVS screens. It is acceptable for staff to also use The Work Number as a means of verification for JOBS attendance. However, if staff find new or questionable information; staff will need to send a RFI regarding the information found using the Missing information functionality. Follow steps outlined in the [Missing Information QRG](#) for more information on this process.

Note: In all other situations staff must follow the policy guidelines for when IEVS screens should be checked outlined in transmittal [SS-IM-21-013](#).
