Psychological Evaluations

It is important to ensure participants have OHP coverage prior to:

- submitting a referral for a psychological evaluation, or
- completion of all or part of the 729 series.

If the participant has insurance other than OHP, the participant would want to ensure it is a covered service and if a referral from their primary care provider is required. If the participant does not have OHP coverage or they do not check with their other insurance ahead of time, they will incur the cost of the service.

We are not able to pay for psychological evaluations or other medical costs out of JOBS support services as this is prohibited per federal guidance. If this situation has come up and you need further guidance please contact TANF Policy.

If you have any questions, please contact: TANF.Policy@dhsosha.state.or.us
