AUGUST 2021

New PDP's and Support Services

Myth: Support service payments can only be issued once a participant has an actual start date and provided attendance verification for the activities outlined in their PDP.

Fact: When a participant engages in a new activity and makes a request for support services before there is an actual start date or attendance verification, the department must evaluate if it is allowable per OAR [461-190-0211](#). If the participant has a step with a planned start date, the request is supported by rule, and is necessary for the individual to participate in the activity, we must approve the request.

Re-occurring support service payments, such as childcare, should be evaluated monthly. If no attendance is provided, this could result in closure of that re-occurring support service.
