

Sarah Kassien

I remember when I was afraid...

- To leave school because I didn't know what life would look like.
- People helping me wouldn't see a capable person.
- People would not take the time to listen to me and my dreams.

Now I...

- Work part time at a job I enjoy.
- Hang out with friends after work.
- Have a cell phone.
- Spend my paycheck on the things I want and need.
- Have a plan to work in my own restaurant in the future.
- Have a life!
