

# Modernization Update: February 2013

## Updates

- 15 new Change Leaders have joined us from districts across the state!
- Readiness Assessments took place at field offices all over Oregon in January. We're compiling that data now for release in summary form soon.
- It's official: Initial Win will interface with MMIS. When IW and MMIS can talk to each other about client information, we've taken a big step towards reducing double entry of data.

## Glossary

**Initial Win:** the CAPI replacement project that will cover SNAP and medical applications

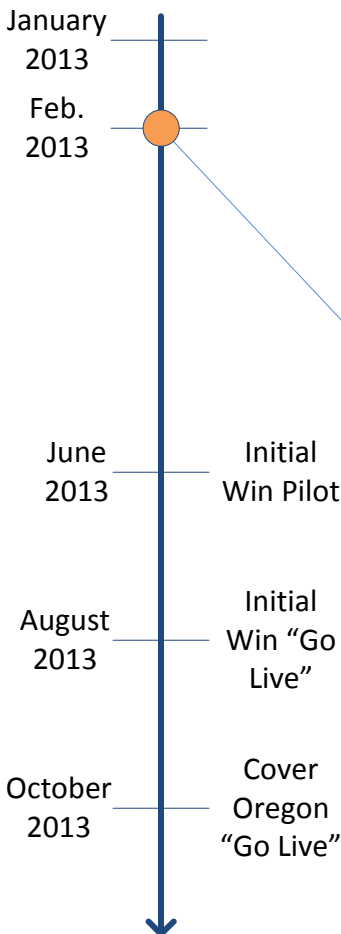

**Readiness Assessments:** a "temperature check" on DHS' preparedness for change. This in-person survey took place with staff and leadership in selected field offices.

- Feb 2 Groundhog Day
- Feb 12 Lincoln's Birthday  
MaX Project Alignment
- Feb 14 Valentine's Day
- Feb 18 HOLIDAY: President's Day
- Feb 20 Change Leaders In-Person
