

# Modernization Update: May-June 2013

## Updates

\* We've gathered most of our new Modernization Field Liaisons! Liaisons should look for first communications to arrive soon to help orient you to your new role.

\* Congrats and thanks to our Change Leaders and Field User Group members who participated in the first Future State Workshop. We produced guidelines and recommendations for integrating Initial Win into our workflow.

\* Bandwidth upgrades have been approved for offices across the state, starting with Initial Win training facilities and pilot sites.

## Glossary

**Field Liaison:** An in-branch support person providing expertise on the new Initial Win system to peers in the office.
