Re: AI/AN Program, RB Revision 2

Effective: **August 1, 2004**

OMAP updated the AI/AN Services Program Rulebook as follows:

OMAP adopt 410-146-0380 and amended 410-146-0080 to implement modifications to the Oregon Health Plan (OHP) Standard Benefit Package as directed by the 2003 Legislative Assembly in HB 2511. Some benefits are restored while other benefits are removed. Implementation of these amendments is approved by the Centers for Medicare and Medicaid Services (CMS).

The Table of Contents is updated.

- If you are reading this letter on OMAP's website: (<http://www.dhs.state.or.us/policy/healthplan/rules/>), this Administrative rulebook contains a complete set of rules for this program, including the above revisions.
- If you receive hardcopy of revisions, this letter is attached to the revised rules and Table of Contents, to be used as replacements in your rulebook. Each rule is numbered individually for easy replacement.

## **410-146-0000 Foreword**

(1) The Office of Medical Assistance Programs (OMAP) American Indian/Alaska Native (AI/AN) billing guide is designed to assist AI/AN Tribal Clinics/Health Centers, Indian Health Services (IHS), Federally Qualified Health Clinics (FQHC) with a 638 designation that are enrolled as AI/AN providers to deliver health care services and prepare health claims for clients with Medical Assistance Program coverage. Providers should follow the OMAP rules in effect on the date of service.

(2) AI/AN clients can choose to be exempt from managed care organizations (see OAR 410-141-0060) and receive their care from AI/AN Health Care Facilities or any other private provider enrolled with OMAP.

(3) AI/AN clients can choose to enroll in a managed care organization and continue to receive care on an infrequent basis from AI/AN Health Care Facilities. If the client chooses to remain in a managed care organization they must follow all managed care rules when seeking services outside of AI/AN Health Care Facilities. When a client chooses to utilize services through a managed care organization they must contact their plan for coverage and prior authorization information.

(4) This guide contains information on policy, special programs services outside of the encounter rate such as pharmacy, lab, x-ray, and Durable Medical Equipment (DME), etc., and criteria for some services. All OMAP guides are intended to be used in conjunction with the OMAP General Rules and the Oregon Health Plan Administrative Rules.

(5) AI/AN Health Care Facilities that have a pharmacy will need OMAP's Pharmacy guide. AI/AN pharmacies that provide DME and Medical Supplies will also need the DMEPOS guide.

(6) The Health Services Commission's Prioritized List of Health Services (see OAR 410-141-0520), defines the covered services under OMAP.

(7) Note: FQHCs with a 638 designation must be enrolled as an AI/AN provider to bill using these rules and to receive the Memorandum of Agreement (MOA) reimbursement rate. If an FQHC with a 638 designation chooses to remain enrolled as an FQHC, it must follow all the rules contained within the FQHC and

Rural Health Clinic (RHC) administrative rules and guidelines. FQHCs with a 638 designation are recognized under CMS's MOA. Urban Tribal Clinics are enrolled as an FQHC and must follow all the rules contained within the FQHC and RHC administrative rules and guidelines. Urban Tribal Clinics are not recognized under CMS's MOA.

## **410-146-0020 Memorandum of Agreement (MOA)**

(1) This outlines the State of Oregon, Office of Medical Assistance Programs' (OMAP) interpretation of CMS's Memorandum of Agreement (MOA) and serves as guidance for submitting claims with the Indian Health Services (IHS) encounter rate.

(2) An encounter is defined as "A face-to-face contact between a health care professional and an IHS beneficiary eligible for the Medical Assistance Program for the provision of Title XIX/CHIP defined services in an IHS, American Indian/Alaska Native (AI/AN) Tribal Clinic or Health Center, or a Federally Qualified Health Clinic (FQHC) with a 638 designation within a 24-hour period ending at midnight, as documented in the client's medical record." IHS, AI/AN Tribal Clinic or Health Center, or an FQHC will be referred to as an AI/AN Health Care Facility.

(3) OMAP recognizes that an encounter can occur either within or through the AI/AN Health Care Facility.

(4) OMAP considers the following encounters to be reimbursable under the MOA encounter rate for health services provided within the practitioner's scope of services by: Physicians, Licensed Physician Assistants, Nurse Practitioners, Nurse Midwives, Dentists, Pharm D, other specialized nurse practitioners, nurses under the supervision of an MD, or other health care professionals including but not limited to mental health and alcohol and drug counselors or other para-professionals, including Community Health Representatives under the supervision of one of the above practitioners to provide: Medical, Diagnostic, Screening, Dental, Vision, Physical Therapy, Occupational Therapy, Podiatry, Mental Health, Alcohol and Drug, Maternity Case Management, Speech, Hearing, or, Home Health Services.

(5) OMAP considers lab, x-ray, drugs/biologicals (prescriptions) and medical transportation services to be outside the encounter rate and are reimbursed under the OMAP fee-for-service system.

(6) OMAP acknowledges that multiple encounters can occur on the same date of service. The following are examples of types of encounters that could be considered separate encounters:

(a) Dental;

(b) Mental Health;

(c) Alcohol and Drug;

(d) Vision;

(e) Medical: More than one outpatient visit with a medical professional within a 24-hour period for a single diagnosis constitutes a single encounter. More than one outpatient visit with a medical professional within a 24-hour period for a different principal diagnosis constitutes more than one encounter;

(f) Physical or Occupational Therapy.

## **410-146-0021 AI/AN Provider Enrollment**

(1) Any Indian Health Services (IHS) Health facility, federally recognized Indian tribe, tribal organization or Federally Qualified Health Clinic (FQHC) with a 638 designation, excluding Urban Tribal Clinics, that provides health care services as defined in rule may enroll as an American Indian/Alaska Native (AI/AN) Clinic provider.

(2) Urban Tribal Clinics that are an FQHC with 638 designation cannot enroll as an AI/AN Clinic provider. The Centers for Medicare and Medicaid Services (CMS) does not recognize Urban Tribal Clinics under the Memorandum of Agreement (MOA). Urban Tribal Clinics with a 638 designation must enroll as an FQHC provider and follow all the rules contained within the FQHC and Rural Health Clinic (RHC) guide.

(3) Qualifying FQHCs with a 638 designation can choose to enroll as an AI/AN provider or an FQHC provider.

(4) To qualify under the MOA a qualifying FQHC with 638 status must be enrolled as an AI/AN provider and follow the rules contained in the AI/AN billing guide.

(5) If a qualifying FQHC with a 638 designation chooses to remain enrolled as an FQHC that clinic must follow all the rules contained within the FQHC and RHC guide.

(6) A qualifying FQHC with a 638 designation cannot enroll under both programs even if the clinic accepts clients that are non-native.

(7) If a qualifying FQHC with a 638 designation applies to enroll as an AI/AN provider that clinic must submit the following documentation:

(a) Copy of the grant; and

(b) Copy of the grant award.

(8) If an IHS or other federally recognized Indian tribe or tribal organization applies to enroll as an AI/AN provider that clinic must show proof of federal recognition.

(9) If an IHS or other federally recognized Indian tribe or tribal organization has a pharmacy or supplies Durable Medical Equipment (DME) and Medical Supplies that clinic must apply for a pharmacy provider number and/or apply for a DME provider number in addition to the clinic provider number.

(10) If an IHS or other federally recognized Indian tribe or tribal organization provides van/sedan transportation the clinic does not apply for a transportation provider number. Their AI/AN clinic number is used as outlined in OAR 410-146-0240.

## **410-146-0022 OHP Standard Benefit for AI/AN Clients**

(1) OHP Standard Benefit for AI/AN Clients

(2) Once OMAP receives authorization to implement SB 878 from the Centers for Medicare and Medicaid Services, OHP Standard AI/AN clients have the following benefits:

(a) AI/AN Clients eligible for the OHP Standard Benefit are allowed by the authority of SB 878 to receive all services allowed under the OHP Plus Benefit that are reimbursed by CMS at 100% FPL;

(b) AI/AN Clients eligible for the OHP Standard Benefit do not change eligibility group unless allowed by OAR. For example OHP Standard female client becomes pregnant and moves into OHP Plus during pregnancy;

(c) Excluded Services: Transportation.

## **410-146-0025 Reimbursement for AI/AN Health Care Facilities**

- (1) Services provided by facilities of the Indian Health Service (IHS) which includes, at the option of the tribe, facilities operated by a tribe or tribal organizations, and funded by Title I or III of the Indian Self Determination and Education Assistance Act (Public Law 93-638), are paid at the rates negotiated between the Centers for Medicare and Medicaid Services (CMS) (formerly Health Care Financing Administration (HCFA)) and IHS which are published in the Federal Register or Federal Register Notices.
- (2) The outpatient per visit rate is also known as the IHS encounter rate and is defined in rules 410-146-0020 and 410-146-0080.
- (3) Providers that are eligible for reimbursement under the IHS encounter rate are defined in rules 410-146-0020, 410-146-0080 and 410-146-0120.
- (4) If the negotiated rates for the IHS encounter is published in the Federal Register after the effective date of the new rate the Office of Medical Assistance Programs (OMAP) will retroactively reimburse the difference for all claims paid to American Indian/Alaska Native (AI/AN) Health Care Facilities with dates of service on or after the effective date of the new rate.

## **410-146-0040 ICD-9-CM Diagnosis Codes**

(1) The appropriate code or codes from 001.0 through V82.9 must be used to identify diagnoses, symptoms, conditions, problems, complaints, or other reasons for the encounter/visit. Diagnosis codes are required on all claims, including those submitted by independent laboratories and portable radiology including nuclear medicine and diagnostic ultrasound providers. Always provide the client's diagnosis to ancillary service providers when prescribing services, equipment, and supplies.

(2) The principal diagnosis is listed in the first position; the principal diagnosis is the code for the diagnosis, condition, problem, or other reason for an encounter/visit shown in the medical record to be chiefly responsible for the services provided. Up to three additional diagnosis codes may be listed on the claim for documented conditions that coexist at the time of the encounter/visit and require or affect client care, treatment, or management.

(3) The diagnosis codes must be listed using the highest degree of specificity available in the ICD-9-CM. A three-digit code is used only if it is not further subdivided. Whenever fourth-digit subcategories and/or fifth-digit subcategories are provided, they must be assigned. A code is invalid if it has not been coded to its highest specificity.

(4) The Office of Medical Assistance Programs (OMAP) requires accurate coding and applies the national standards in effect for calendar years 2003 and 2004 set by the American Hospital Association, American Medical Association, and Centers for Medicare and Medicaid Services (CMS). OMAP has unique coding and claim submission requirements for Administrative Exams; specific diagnosis coding instructions are provided in the Administrative Examination and Report Billing provider rules.

## **410-146-0060 Prior Authorization**

(1) No prior authorization (PA) is required for services provided within an American Indian/Alaska Native (AI/AN) Health Care Facility with the sole exception of pharmacy, DME and Hospital Dentistry services. Refer to the Pharmacy and DME program rules for more detailed information.

(2) If a client is enrolled in a managed care plan there may be PA requirements for some services that are provided through the managed care plan. Contact the client's managed care plan for specifics.

## **410-146-0075 Client Copayments**

(1) American Indian/Alaska Native (AI/AN) are not required to pay copayments for services provided through Indian Health Services (IHS), a Federally recognized Indian Tribe or Tribal Organization. This includes any health care services provided to the AI/AN member and is defined as provided directly, by referral, or under contracts or other arrangements between IHS, a Federally recognized Indian Tribe, Tribal Organization or an Urban Tribal Health Clinic and another health care provider.

(2) AI/AN are not required to pay copayments for services provided at an Urban Tribal Health Clinic.

(3) AI/AN Tribal Health Facilities may not charge copayments to non-AI/AN Medical Assistance Program clients receiving care at the Tribal Health Facility.

## **410-146-0080 Professional Services**

(1) Medical, Diagnostic, Screening, Dental, Vision, Physical Therapy, Occupational Therapy, Podiatry, Mental Health, Alcohol and Drug, Maternity Case Management, Speech, Hearing, or, Home Health services are not limited except as directed by the General Rules - Medical Assistance Benefits: Excluded Services and Limitations and the Health Services Commission's (HSC) Prioritized List of Health Services (List) as follows:

(a) Coverage for diagnostic services and treatment for those services funded on the HSC List, and;

(b) Coverage for diagnostic services only, for those conditions that fall below the funded portion of the HSC List;

(c) The date of service determines the appropriate version of the General Rules and the HSC List to determine coverage;

(d) The OHP Standard Benefit Package is a limited benefit package. See OAR 410-120-1235 for details.

(2) American Indian/Alaska Native (AI/AN) Health Care Facilities are eligible under the Memorandum of Agreement (MOA) for reimbursement at the Tribal encounter rate for professional services.

(3) Urban clinics are not eligible, under the MOA, for reimbursement but are eligible to bill for all professional services as outlined in this rule.

(4) AI/AN Health Care Facilities, that have chosen to be reimbursed using the per service payments also known as fee-for-service, do not use the per encounter definitions. However, all services listed in (1) of this rule apply.

(5) Encounter:

(a) An encounter is defined as "A face-to-face contact between a health care professional and an Indian Health Services (IHS) beneficiary eligible for the Medical Assistance Program for the provision of Title XIX/CHIP defined services in an AI/AN Health Care Facility within a 24-hour period ending at midnight, as documented in the client's medical record";

(b) An encounter can occur either within or through the AI/AN Health Care Facility;

(6) The following encounters are reimbursable under the MOA encounter rate, 100% cost based reimbursement or an Urban Tribal Clinic eligible to bill as a Federally Qualified Health Center with or without a 638 designation:

(a) Physicians;

(b) Licensed Physician Assistants;

(c) Nurse Practitioners;

(d) Nurse Midwives;

(e) Dentists;

(f) Pharm D; or

(g) other health care professionals:

(A) To provide: Medical, Diagnostic, Screening, Dental, Vision, Physical Therapy, Occupational Therapy, Podiatry, Mental Health, Alcohol and Drug, Maternity Case Management, Speech, Hearing, or Home Health Services;

(B) Professional services provided in a hospital setting;

(C) Services outside of the encounter rate include but not limited to Pharmacy, DME, Lab, Radiology, Targeted Case Management, Administrative Examinations, and Medical Transportation. These services are reimbursed under the OMAP fee-for service system;

(D) Effective March 1, 2003, the OHP Standard Benefit has limited services. See OAR 410-120-1235 for detailed list of non-covered services.

(7) Multiple Encounters: Each service must be a distinctly different service in order to meet the criteria for multiple encounters. For example: a medical visit and a dental visit on the same day is considered two distinctly different services.

(8) Similar services, even when provided by two different health care practitioners are not considered multiple encounters. Situations that would not be considered multiple encounters provided on the same date of service include, but are not limited to:

(a) A well child check and an immunization;

(b) A well child check and fluoride varnish application in a medical setting;

(c) A medical encounter with a mental health or addiction diagnosis on the same day as a mental health or addiction encounter;

(d) A mental health and addiction encounter;

(e) Any time a client receives only a partial service with one provider and partial service from another provider it is considered a single encounter.

(9) Medical encounter definitions:

(a) More than one outpatient visit, with a medical professional, within a 24-hour period, for the same diagnosis, constitutes a single encounter. For example: a client comes to the clinic in the morning for an examination. During the examination the client is diagnosed with hypertension. The practitioner prescribes medication and asks the client to return in the afternoon for a blood pressure check;

(b) More than one outpatient visit, with a medical professional, within a 24-hour period, for distinctly different diagnoses, report as two encounters. For example, a client comes to the clinic in the morning for an immunization and in the afternoon falls and breaks an arm. This would be considered multiple medical encounters and can be billed as two encounters. However, a client that comes to the clinic for a prenatal visit in the morning and delivers in the afternoon would not be considered a distinctly different diagnosis and can only be billed as a single encounter;

(c) This does not imply that if a client is seen at a single office visit with multiple problems, that multiple encounters can be billed.

(10) The following services may be considered as multiple encounters when two or more services are provided on the same date of service:

(a) Dental;

(b) Mental Health or Addiction Services - If both services are provided on the same date of service, then it's considered a single encounter. In addition, if the client is also seen for a medical office visit with a mental health or addiction diagnosis, it is considered a single encounter;

(c) Ophthalmologic services - fitting and dispensing of eyeglasses is included in the encounter that the vision exam is performed;

(d) Maternity Case Management (MCM) - When a client has a medical office visit, MCM can only be billed as a multiple encounter when the client is newly diagnosed as pregnant and is referred for MCM assessment or it is determined the client needs nutritional counseling;

(e) Physical or Occupational Therapy (PT/OT) - If this service is also performed on the same date of service as the medical encounter that determined the need for PT/OT, then it would only constitute a single encounter;

(f) Immunizations - if no other medical office visit occurs on the same date of service;

(g) Tobacco cessation if no other medical or addition encounter occurs on the same date of service.

(11) The billing guidelines provided in the AI/AN billing rules for those clinics reimbursed using a per encounter rate methodology are limited to specific CPT/HCPCS codes when reporting an encounter that may not be consistent with national coding standards. This does not apply to ICD-9-CM diagnosis coding. Bill OMAP with the procedure codes indicated in each service category for services included in the AI/AN encounter rate. For services that are not included in the encounter rate or under the MOA please refer to the Services Not Eligible Under the MOA section of the AI/AN billing rules for billing instructions.

(12) When billing for a clinic visit, select the most appropriate CPT/HCPCS procedure code ranges shown in Table 146-0080-1.

(13) It is the HSC's intent to cover reasonable diagnostic services to determine diagnoses on the HSC List, regardless of their placement on the HSC List.

## Table 146-0080-1 American Indian/Alaska Native (AI/AN) Tribal Program Encounter Codes & Modifiers

Effective August 1, 2004

Tribal Health Facilities including Urban Clinics are limited to the procedure codes listed in this Table when billing for services that are included in the Encounter Rate. Codes used as an encounter represent all service provided to a client on the same date of service. The modifiers listed are required when appropriate.

The clinical documentation must support the procedure code reported and meet National Coding Standards.

## **410-146-0100 Vaccines for Children (VFC)**

(1) American Indian/Alaska Native (AI/AN) Health Care Facilities are eligible under the Memorandum of Agreement (MOA) for reimbursement for the administration of vaccines. These services are billed on a CMS-1500 using diagnoses that meet national coding standards, the appropriate encounter code, and type of service "1."

(2) The Vaccines for Children (VFC) Program was implemented by the Office of Medical Assistance Programs (OMAP) on April 1, 1996. Under this federal program certain immunizations are free for clients ages 0 through 18. For more information on how to enroll for the VFC Program, call the Oregon Health Division.

## **410-146-0120 Maternity Case Management Services**

(1) American Indian/Alaska Native Health Care Facilities are eligible for reimbursement for Maternity Case Management (MCM) services. These services are billed on a CMS-1500 using diagnoses that meet national coding standards, HCPCS code G9012, and type of service "1."

(2) The primary purpose of the MCM program is to optimize pregnancy outcomes including the reduction of low birth weight babies. MCM services are intended to target pregnant women early during the prenatal period and can only be initiated when the client is pregnant and no later than the day prior to delivery. MCM services cannot be initiated the day of delivery, during postpartum or for newborn evaluation. Clients are not eligible for MCM services if the MCM initial evaluation has not been completed prior to the day of delivery.

(3) This program:

(a) Is available to all pregnant clients receiving Medical Assistance Program coverage;

(b) Expands perinatal services to include management of health, economic, social and nutritional factors through the end of pregnancy and a two month post-partum period;

(c) Is an additional set of services over and above medical management of pregnant clients;

(d) Allows for billing for intensive nutritional counseling services.

(4) Any time there is a significant change in the health, economic, social, or nutritional factors of the client the prenatal care provider must be notified.

(5) Note: In situations where multiple providers are seeing one client for MCM or other Targeted Case Management services, the case manager must coordinate care to ensure claims are not submitted to

the Office of Medical Assistance Programs (OMAP) if services are duplicated.

(6) Definitions:

(a) Case Management -- An ongoing process to assist the client in obtaining access to and effective utilization of necessary health, social, economic, nutritional, and other services as defined in the Client Service Plan (CSP) or other documentation;

(b) Case Management Visit -- A client encounter that must include two or more specific training and education topics and provides on-going relationship development between the client and the case manager. May be provided in the client's home or other site;

(c) Client Service Plan (CSP) -- A written systematic, client coordinated plan of care which lists goals and actions required to meet the needs of the client as identified in the Initial Assessment and includes a client discharge plan/summary;

(d) High Risk Case Management -- Intensive case management services provided to a client identified and documented by the maternity case manager or prenatal care provider as being high risk;

(e) High Risk Client -- Includes clients who have current (within the last year) documented alcohol, tobacco, or other drug (ATOD) abuse history, or who are 17 or under, or have other conditions identified in the initial assessment instrument;

(f) Home/Environmental Assessment -- A visit to the client's primary place of residence to assess health and safety of the client's living conditions;

(g) Initial Assessment -- Documented, systematic collection of data with planned interventions as outlined in a CSP to determine current status and identify needs and strengths, in physical, psychosocial, behavioral, developmental, educational, mobility, environmental, nutritional, and emotional areas. Data sources may include:

- (A) Initial assessment;
  - (B) Client interviews;
  - (C) Available records;
  - (D) Contacts with collateral providers;
  - (E) Other professionals; and
  - (F) Other parties on behalf of the client.
- (h) Nutritional Counseling -- Intensive nutritional counseling for clients who have at least one of the following documented conditions:
- (A) Chronic disease, e.g., diabetes, renal disease;
  - (B) Hematocrit (Hct) less than 34 (Hemoglobin (Hgb) 11) first trimester, Hct 32 (Hgb10) second or third trimester;
  - (C) Pre-gravida weights under 100 lbs or over 200 lbs;
  - (D) Pregnancy weight gain outside WIC guidelines;
  - (E) Eating disorder;
  - (F) Gestational diabetes;
  - (G) Hyperemesis;
  - (H) Pregnancy induced hypertension (preeclampsia);
  - (I) Other conditions identified by the maternity case manager, physician, or perinatal care provider for which adequate services are not accessible through another program.
- (i) Prenatal/Perinatal Care Provider -- The physician, licensed physician assistant, nurse practitioner, certified nurse midwife, or

licensed direct entry midwife providing prenatal or perinatal (including labor and delivery) and or postnatal services to the client;

(j) Telephone Contact -- A non-face-to-face client encounter between a maternity case manager and the client, initiated by the maternity case manager, providing education or training related to the CSP.

(7) Maternity Case Manager Qualifications:

(a) Maternity case managers must be:

(A) Currently licensed as a:

(i) Physician;

(ii) Physician Assistant;

(iii) Nurse Practitioner;

(iv) Certified Nurse Midwife;

(v) Direct Entry Midwife;

(vi) Social Worker; or

(vii) Registered Nurse with a minimum of two years related and relevant work experience.

(B) Other para-professionals (including Community Health Representatives (CHR) under the supervision of one of the above practitioners, or a licensed direct entry midwife) may provide specific services while working under the supervision of one of the practitioners listed in (7)(a)(A) of this rule.

(b) Specific services not within the recognized scope of practice of the provider of MCM services must be referred to an appropriate discipline.

(8) Nutritional Counselor Qualifications -- A nutritional counselor must:

(a) Be a registered dietician; or

(b) Have a bachelor's degree in a nutrition-related field with two years of related work experience.

(9) Documentation Requirements:

(a) Documentation is required for all MCM services in accordance with OMAP General Rules 410-120-1360;

(b) A correctly completed OMAP form 2470, 2471, and 2472 or their equivalents meet minimum documentation requirements for MCM services.

(10) Initial Assessment:

(a) Includes:

(A) Client assessment as outlined in the "Definitions" section of this rule;

(B) Development of a CSP which addresses needs identified;

(C) Making referrals as needed;

(D) Assisting with a referral to a prenatal care provider as needed;

(E) Forwarding of the initial assessment and other relevant information to the on-going maternity case manager and prenatal care provider;

(F) Communicating pertinent information to other professionals participating in the clients' medical and social care.

(b) Client's record must reflect the date and to whom the initial assessment was sent.

(11) Case Management (Full Service) -- Includes:

(a) Face-to-face client contacts;

(b) Implementation and monitoring of a CSP:

(A) The client's records must include a CSP and written updates to the plan;

(B) The CSP activities involve determining the client's strengths and needs, setting specific goals and utilizing appropriate resources in a cooperative effort between the client and the maternity case manager.

(c) Referral to services included in the CSP:

(A) Make referrals, provide information and assist the client in self-referral;

(B) Maintain contact with resources to ensure service delivery, share information, and assist with coordination.

(d) Ongoing nutritional evaluation with basic counseling and referrals to nutritional counseling as indicated;

(e) Training, information, and education contained in Table 146-0120-1;

(f) Linkage to labor and delivery services;

(g) Linkage to family planning services as needed;

(h) CSP coordination as follows:

(A) Contact with Department of Human Services worker, if assigned;

(B) Contact with prenatal care provider; and

(C) Contact with other community resources/agencies to address needs.

(i) Advocate for client as necessary to facilitate access. The case manager serves as a client advocate and intervenes with agencies or persons to help the client receive appropriate benefits or services;

(j) Assist client in achieving the goals in the CSP. The case manager will advocate for the client when resources are inadequate or the service delivery system is non-responsive.

(12) Nutritional Counseling:

(a) Available for clients who have at least one of the documented conditions listed in the "Definitions" section of this rule;

(b) Documentation must include all of the following:

(A) Nutritional assessment;

(B) Nutritional care plan; and

(C) Regular client follow-up.

(13) Home/Environment Assessment -- Includes an assessment of the health and safety of the client's living conditions with training and education as indicated Table 146-0120-1 and must include all topics applicable to the client.

(14) Telephone Contact -- A non-face-to-face client encounter between a maternity case manager and the client, initiated by the maternity case manager, providing education or training related to the CSP when a face-to-face case management visit is not possible or practical.

(15) Case Management Visits -- Each Case Management Visit must include an evaluation and/or revision of objectives and activities addressed in the CSP and training, information and education regarding at least two topics from Table 146-0120-1.

## **410-146-0130 Modifiers**

(1) The Office of Medical Assistance Programs (OMAP) uses nationally recognized modifiers for many services. The modifiers listed in the American Indian/Alaska Native (AI/AN) billing rules are required.

(2) Refer to OAR 410-146-0080 Billing Codes Table 146-0080-1 for list of required modifiers.

## **410-146-0140 Tobacco Cessation**

(1) AI/AN Health Care Facilities are eligible under the MOA for reimbursement for tobacco cessation services. These services are billed on a CMS-1500 using diagnosis code 305.1 only and either S9075 or G9016 as appropriate.

(2) Follow criteria outlined in OAR 410-130-0190.

## **410-146-0160 Administrative Medical Examinations and Reports**

(1) Administrative medical examinations and reports are not eligible under the Memorandum of Agreement (MOA). Reimbursement for administrative examinations and reports are through the Office of Medical Assistance Programs (OMAP) fee-for-service program. Do not use the American Indian/Alaska Native (AI/AN) Health Care Facility encounter code or rate for these services.

(2) AI/AN Health Care Facilities can be reimbursed for administrative medical examinations and reports when requested by a DHS branch office, or approved by OMAP. The branch office may request an Administrative Medical Examination/Report Authorization (OMAP 729) to establish client eligibility for an assistance program or casework planning.

(3) Administrative medical examinations are billed on a CMS-1500 using V68.89 as the diagnosis only and the OMAP unique procedure code that represents the exam provided.

(4) See the Administrative Examination and Report Billing guide for more detailed information on procedure codes and descriptions.

## **410-146-0180 Durable Medical Equipment and Medical Supplies**

(1) Durable Medical Equipment (DME) and Medical Supplies are not eligible under the Memorandum of Agreement (MOA).

Reimbursement for DME services are through the Office of Medical Assistance Programs (OMAP) fee-for-service program. Do not use the American Indian/Alaska Native (AI/AN) Health Care Facility encounter code or rate for these services.

(2) If an AI/AN Pharmacy is also supplying DME and Medical Supplies the pharmacy must also enroll as an OMAP DME provider. Follow the guidelines in the DMEPOS guide for billing and prior authorization of these items and services.

## **410-146-0200 Pharmacy**

(1) Pharmacy services are not eligible under the Memorandum of Agreement (MOA). Reimbursement for pharmacy services are through the Office of Medical Assistance Programs (OMAP) fee-for-service program.

(2) Do not use the American Indian/Alaska Native (AI/AN) Health Care Facility encounter code or rate for these services. AI/AN pharmacy providers use the Pharmacy guide for a complete listing of all rules and policies.

(3) Follow criteria outlined in the following:

(a) Not Covered Services -- OAR 410-121-0147;

(b) Brand Name Pharmaceuticals -- OAR 410-121-0155;

(c) Drugs and Products Requiring Prior Authorization -- OAR 410-121-0040;

## **410-146-0220 Death With Dignity**

(1) Death With Dignity is a covered service, except for those facilities limited by the Assisted Suicide Funding Restriction Act of 1997 (ASFRA), and is incorporated in the "comfort care" condition/treatment line on the Health Services Commission's Prioritized List of Health Services.

(2) All Death With Dignity services must be billed directly to the Office of Medical Assistance Programs (OMAP), even if the client is in a managed care plan.

(3) Follow criteria outlined in OAR 410-130-0670.

## **410-146-0240 Transportation**

(1) American Indian/Alaska Native (AI/AN) Health Care Facilities can be reimbursed for medically appropriate transportation services provided to clients who are eligible for medical assistance and receive health services through an AI/AN Health Care Facility.

(2) Transportation is outside of the Memorandum of Agreement (MOA) encounter rate and must be billed to the Office of Medical Assistance Programs (OMAP) fee-for-service on a CMS-1500 billing form with a diagnosis code. Enrolled AI/AN Health Care Facilities providing medical transportation will not be enrolled as a transportation provider. When billing for an approved transportation service use the AI/AN Health Care Facility provider number.

(3) Use the HCPCS code listed in the AI/AN billing guide that represents the transportation service provided. Do not use the AI/AN Health Care Facility encounter code or rate but rather the HCPCS or OMAP unique procedure code and rate listed for each service. Non-emergency ambulance, air ambulance, commercial air, bus, or train requires advance arrangement and prior approval through the local Seniors and People with Disabilities (SPD) (formerly SDS) or Children, Adults and Families (CAF) (formerly AFS) branch office.

(4) Reimbursement for transportation is based on the following conditions:

(a) The car/van or wheelchair car/van is owned or leased by the AI/AN Health Care Facility;

(b) The individual providing the service is an employee of the AI/AN Health Care Facility;

(c) The service to be provided is the most cost effective method that meets the medical needs of the client;

(d) The service to be provided at the point of origin and/or destination is a medical service covered under OMAP or the MOA.

(5) The following information must be documented in the client's record or a single ledger that contains all medical transportation services for all clients of the facility:

(a) Trip information including date of service, if one way, round trip, or three-way and if transportation needs are ongoing;

(b) Client information, for example, requires wheelchair, walker, cane, needs assistance, requires portable oxygen, etc.

(6) Use the appropriate HCPCS code listed in the AI/AN billing guide to bill for transportation services.

(7) Tribal facility owned or leased car/van (sedan transport):

(a) When client circumstance requires an escort or attendant or when a second client is transported from the same point of origin to the same destination, no additional charge beyond the actual mileage is allowed;

(b) If more than one client is transported from a single pickup point to different destinations or from different pickup points to the final destination the total mileage may be billed. No duplicated miles traveled may be billed;

(c) A0170 All inclusive rate -- \$1.19 per mile.

(8) Tribal facility owned/leased wheelchair car/van (sedan transport):

(a) If a client is able to transfer from wheelchair to car/van use the car/van all-inclusive service. If two OMAP clients are transported by the same mode (e.g., wheelchair van) at the same time, OMAP will reimburse at the full base rate for the first client and one-half the appropriate base rate for each additional client. If two or more OMAP clients are transported by mixed mode (e.g., wheelchair van and ambulatory) at the same time, OMAP will reimburse at the full base rate for the highest mode for the first client and one-half the base rate of the appropriate mode for each additional client. Reimbursement will not be made for duplicated miles traveled. If more than one client

is transported from a single pickup point to different destinations or from different pickup points to the final destination the total mileage may be billed. The first 10 miles is included in the Base Rate and should be included in the total number of miles on the CMS-1500:

(A) A0130 -- Base Rate: \$17.72;

(B) T2002 -- Mileage (each way): \$1.19 per mile. The first 10 miles are included in the Base Rate. When billing mileage, place the total number of miles in Field 24G and the OMAP system will automatically deduct 10 miles;

(C) T2001 -- Extra Attendant (each): \$17.72.

(b) When billing for transportation use TOS code "D" and the appropriate POS code listed below:

(A) E -- Home to Medical Practitioner;

(B) F -- Home to Hospital;

(C) G -- Home to Nursing Facility;

(D) H -- Home to Other;

(E) J -- Nursing Facility to Medical Practitioner;

(F) K -- Nursing Facility to Hospital;

(G) L -- Nursing Facility to Home;

(H) M -- Nursing Facility to Other;

(I) N -- Hospital to Home;

(J) P -- Hospital to Nursing Facility;

(K) Q -- Hospital to Other Hospital;

(L) R -- Hospital to Other;

(M) S -- Medical Practitioner to Hospital;

(N) T -- Medical Practitioner to Nursing Facility;

(O) U -- Medical Practitioner to Home;

(P) V -- Medical Practitioner to Other;

(Q) W -- Other to Hospital;

## **410-146-0340 Medicare/Medical Assistance Program Claims**

(1) If a client has both Medicare and Medical Assistance Program coverage, providers must bill Medicare first. Medicare will automatically forward all claims to the Office of Medical Assistance Programs (OMAP) for processing. However, since American Indian/Alaska Native (AI/AN) Health Care Facilities must bill OMAP using the most appropriate code as described in the AI/AN billing guide, some of these claims may not be processed and paid automatically. If your claim cannot be paid and processed automatically, a Remittance Advice instructing you to rebill OMAP on the CMS-1500 claim form will be sent to you.

(2) If an out-of-state Medicare carrier or intermediary was billed, you must bill OMAP using a CMS-1500 claim form, but only after that carrier has made payment determination.

(3) When rebilling on the CMS-1500, bill all services for each encounter under the most appropriate code as directed in the AI/AN billing guide. Enter any Medicare payment received in the "Amount Paid" field or use the appropriate TPR explanation code in Field 9 of the CMS-1500 claim form. See billing instructions for details.

(4) OMAP payment will be based on the allowable cost per encounter, less the actual Medicare payment amount.

## **410-146-0380 OHP Standard Emergency Dental Benefit**

(1) The intent of the OHP Standard Emergency Dental benefit is to provide services requiring immediate treatment and is not intended to restore teeth.

(2) Services are limited to those procedures listed in Table 146-0380-1 and are limited to treatment for conditions such as:

(a) Acute infection;

(b) Acute abscesses;

(c) Severe tooth pain; and

(d) Tooth re-implantation when clinically appropriate.

(3) Hospital Dentistry is not a covered benefit for the OHP Standard population except:

(a) Clients who have a developmental disability or other severe cognitive impairment, with acute situational anxiety and extreme uncooperative behavior that prevents dental care without general anesthesia; or

(b) Clients who have a developmental disability or other severe cognitive impairments and have a physically compromising condition that prevents dental care without general anesthesia.

(4) Any limitations or prior authorization requirements on services listed in OAR 410-123-1260 will also apply to services in the OHP Standard benefit.
