Re: PT/OT Services Program Rulebook Reissued

Effective: October 1, 2004

OMAP updated the PT/OT Program Rulebook with the following administrative rule revisions:

OAR 410-131-0120: to place a limitation on massage therapy to establish consistency with other medical programs; OAR 410-131-0160: to eliminate payment authorization requirement for OMAP fee-for-service clients, who also have Medicare, for physical and occupational therapy services covered by Medicare; and, OAR 410-131-0200: to reference OMAP's General Rules to clarify OMAP reimbursement for services provided to OMAP fee-for-service clients who also have Medicare. There is no change in the reimbursement methodology. OAR 410-131-0280: to delete coverage of CPT 97537, community/work integration training, since this procedure is not for treatment of diagnosis of a medical condition. OAR 410-131-0220 and OAR 410-131-0240 are repealed to eliminate duplicated information that is not necessary in rule. This information is found in supplemental information, available on OMAP's website.

- If you are reading this letter on OMAP's website: (www.dhs.state.or.us/policy/healthplan/rules/), this Administrative rulebook contains a complete set of rules for this program, including the above revisions.
- If you do not have web access and receive hardcopy of revisions, this letter is attached to the entire Rulebook. Each rule is individually numbered for easy replacement.

If you have billing questions, contact a Provider Services Representative toll-free at 1-800-336-6016 or direct at 503-378-3697.

410-131-0160 Payment Authorization

(1) Payment authorization is approval by the Office of Medical Assistance Programs (OMAP), the Medically Fragile Children's Unit (MFCU), the OMAP Case Management Contractor, or the Managed Care Organizations (MCOs) for services.

For services requiring authorization from OMAP or MFCU, and for continuation of those services, providers must contact OMAP or MFCU for authorization within five working days following initiation of services. For services requiring payment authorization from the OMAP Case Management Contractor, authorization must be obtained prior to the initiation of services. For fee-for-service case management clients, OMAP will not reimburse for a service that requires payment authorization if provided prior to receiving authorization from the OMAP Case Management Contractor. Services for clients enrolled in a Managed Care Organization (MCO) will be authorized by the MCO. Contact the MCO to determine their procedures.

(5) Payment authorization does not guarantee eligibility or payment. It is the provider's responsibility to check for eligibility on the date of service.

(6) Payment authorization does not relieve the provider of the responsibility to follow all applicable rules regarding the provision of services.

(7) Physical and occupational therapy services for OMAP fee-for-service clients with Medicare do not require payment authorization for Medicare covered services. For clients enrolled in a Managed Care Organization (MCO), contact the MCO for their procedures.
