NEED FOR THE RULE(S):

OAR 461-120-0125 about Noncitizen Status Requirements, needs to be amended to ensure the rule's provisions include all individuals who meet noncitizen status requirements for Department programs under federal law. If the rule is not updated to include the new groups, the rule will reflect inaccurate program eligibility information, causing confusion and possibly inaccurate eligibility determinations for applicants, Department staff, and regulatory agencies like administrative law judges.

OAR 461-145-0254 about Youth Experiencing Homelessness Program Direct Cash Transfer Payments, needs to be adopted because this new payment type will soon be issued, and some payment recipients will have Department benefits. Adopting this rule creates guidance for how Department programs treat this new income type when determining eligibility.

OAR 461-155-0210 about Payment Standards and Methods of Issuance; GA, needs to be amended to align with General Assistance (GA) program decisions and align with increased payment amounts, which have been issued beginning April 1, 2023. Since its beginning in 2016, General Assistance benefits have not been raised, even though Social Security Administration Supplemental Security Income rates have increased annually. In addition, fair market value of rental rates throughout Oregon have increased annually. The nine percent increase this year to GA benefits will better help meet the needs of individuals receiving GA. If the rule is not updated with the new payment standards, the rule will reflect inaccurate and lesser benefits than what the Department is granting, causing confusion for those receiving GA, Department staff, and regulatory agencies like administrative law judges.

OAR 461-160-0300 about Use of Income to Determine Eligibility and Copay Benefits for ERDC, needs to be amended to align with current ONE system functionality and ERDC program intent. ERDC program family copay amounts are based on the Federal Poverty Level (FPL) limits. The ERDC program intended for this rule to be amended at the same time OAR 461-155-0180 was amended and the ONE system copay calculation logic were changed based on increases to certain FPL standards this March 1, 2023. If the rule is not updated with the new copay income levels, the rule will

reflect inaccurate and lesser copay benefits than what the Department is granting, causing confusion for applicants, families receiving ERDC, Department staff, and regulatory agencies like administrative law judges.

JUSTIFICATION OF TEMPORARY FILING:

The Department finds that failure to act promptly amending and adopting all rules in this filing will result in serious prejudice to the public interest and the Department, but mostly to individuals receiving or applying for GA benefits, who are a citizen or national of Afghanistan with a qualifying USCIS status or their qualifying family members, who pay an ERDC copay, or who begin receiving payments from YEHP. The Department needs to proceed by temporary rule due to immediate nature of ongoing program eligibility review and the need for Department rules to align with policy and ONE system programming. All changes increase benefits for the individuals to whom the provisions apply. Failure to act immediately could result in confusion for administrative law judges, state employees, and the aforementioned program applicants and recipients. This temporary rule filing will bring the rule language into alignment with the Department's recent policy decisions or with federal regulations.
