Message:

In collaboration with state partners and public health, ODDS put together a toolkit for providers of home and community-based services in licensed or certified residential settings. The toolkit is designed to support providers, including 24-hour and foster care setting providers, during the COVID-19 pandemic.

The toolkit, "Supporting Individuals in a Licensed or Certified Community Setting During COVID-19: *A Tool Kit for Residential Settings and Residential Care Providers" can be found on the DHS Forms Server by searching for form "2708" or by following this link: <https://sharedsystems.dhsoha.state.or.us/DHSForms/Served/le2708.pdf>.

The toolkit is currently available in English and will be available soon in 11 languages. Case management and licensing staff are encouraged to share the toolkit with providers.
