Administrative Rules Related to Keys Amendment Assurances
- State of Oregon -
November 2016

Aging and People with Disabilities (APD) and Office of Developmental Disabilities Services (ODDS), Department of Human Services (DHS)

The following is a list of the Department of Human Services' (DHS) rules that provide standards for facilities where a significant number of Supplemental Security Income (SSI) recipients are likely to reside. These standards span building maintenance, fire safety, sanitation, food, health, program and care services, staffing, residents' rights, and administrative management. The facilities are routinely inspected to determine substantial compliance with federal and state laws and licensure rules.

Adult Foster Homes (APD) – Chapter 411, Division 050 (last amended 6/28/2016). The purpose of these rules is to establish the minimum standards and procedures for adult foster homes that provide care and services for adults who are older or adults with physical disabilities in a home-like environment that is safe and secure. Adult foster homes provide necessary care and services through a cooperative relationship between the resident (or court-appointed guardian) and the resident's care providers that emphasizes the resident's independence. Adult foster home care and services are provided in a setting that protects and encourages resident dignity, choice, and decision-making while addressing the needs of the resident in a manner that supports and enables the residents to maximize their ability to function at the highest level of independence possible.

Residential Care and Assisted Living Facilities (APD) – Chapter 411, Division 054 (last amended 6/28/2016). (1) The purpose of these rules is to establish standards for assisted living and residential care facilities that promote the availability of a wide range of individualized services for elderly and persons with disabilities, in a homelike environment. The standards are designed to enhance the dignity, independence, individuality, and decision making ability of the resident in a safe and secure environment while addressing the needs of the resident in a manner that supports and enables the individual to maximize abilities to function at the highest level possible.

(2) Residential care and assisted living facilities are also required to adhere to Home and Community-Based Services, OAR 411-004. For purposes of these rules, all residential care and assisted living facilities are considered home and community-based care settings and therefore shall be referred to as "facility".

24-Hour Residential Programs and Settings for Children and Adults with Intellectual or Developmental Disabilities (ODDS) – Chapter 411, Division 325 (last amended 9/1/2016). (1) The rules in OAR chapter 411, division 325

prescribe standards, responsibilities, and procedures for 24-hour residential programs delivering home and community-based services to individuals with intellectual or developmental disabilities in 24-hour residential settings.

(2) These rules incorporate the provisions for home and community-based services and settings and person-centered service planning set forth in OAR chapter 411, division 004. These rules and the rules in OAR chapter 411, division 004 ensure individuals with intellectual or developmental disabilities receive services in settings that are integrated in and support the same degree of access to the greater community as people not receiving home and community-based services.

(a) A provider initially licensed on or after January 1, 2016 must meet the requirements in OAR chapter 411, division 004 prior to being licensed.

(b) A provider licensed prior to January 1, 2016 must make measurable progress toward compliance with the rules in OAR chapter 411, division 004 and be in full compliance by September 1, 2018.

Foster Homes for Children with Intellectual or Developmental Disabilities

(ODDS) – Chapter 411, Division 346 (last amended 08/20/2016). (2) These rules incorporate the provisions for home and community-based services and settings and person-centered service planning set forth in OAR chapter 411, division 004. These rules and the rules in OAR chapter 411, division 004, ensure children with intellectual or developmental disabilities receive services in settings that are integrated in and support the same degree of access to the greater community as people not receiving home and community-based services.

(a) A foster provider initially certified on or after January 1, 2016, must meet the requirements in OAR chapter 411, division 004, prior to being certified.

(b) A foster provider certified prior to January 1, 2016, must make measurable progress toward compliance with the rules in OAR chapter 411, division 004, and be in full compliance by September 1, 2018.

Background Check Rules (DHS) – Chapter 407, Division 007, 0200-0370 (last amended 7/1/16). (1) The purpose of these rules, OAR 407-007-0200 to 407-007-0370, is to supplement OAR 125-007-0200 to 125-007-0330 with guidelines and requirements specific to background checks for Department of Human Services (Department) and Oregon Health Authority (Authority) subject individuals (SIs). These rules provide for the reasonable screening under ORS 181A.195, 181A.200, and 409.027 of SIs to determine if they have a history of criminal or abusive behavior such that they should not be allowed to work, volunteer, be employed, reside, or otherwise perform in positions covered by these rules.

(2) These rules apply to evaluating criminal records and potentially disqualifying conditions of an SI when conducting fitness determinations based upon such information. The fact that an SI is approved does not guarantee employment or placement. References in these rules to the Department or Authority shall be construed to be references to either or both agencies.
