**FROM:** Bradley Heath, MA Clinical Services Manager

**SUBJECT:** OIS Oversight Practice - Effective January 2, 2008

SOCP will conduct monthly practice of the OIS techniques. Per the OIS 2008 Process Reference Guide ...

"Those individuals trained to an Oversight level of OIS will conduct monthly practice of the OIS physical intervention techniques for those staff who are currently OIS certified" ...

The monthly practice will include

"OIS physical intervention techniques including evasion/deflection, covers, escapes, and all PPI that are currently approved in support plans within the agency."

OIS Oversight monthly practice will therefore include

- One OIS philosophy topic (Central Training has a variety of these topics available)
- OIS Warm-ups
- All OIS evasions, deflections, covers, and escapes
- All OIS PPI - except lateral body mass & prone/supine (unless approved by OIS Steering Committee)
