Transmittal #	Issue date	Subject/Topic
<u>SS-IM-16-052</u>	11/15/16	INC Coding on TANF Cases - On October 1, 2016 approximately 600 cases were converted from a program 2 case to a program 82 case. The cases included in the conversion are those where there are two parents on the case, one of whom is receiving SSI payments and coded as a NO with an INC case descriptor. See transmittal for details.
<u>SS-IM-16-053</u>	11/15/16	New terminated income types EMT and UMT added into system - Effective for worker use on 12/01/2016 two new Income Type codes will be available for use in FSMIS. These Income Type codes are EMT for terminated earned income and UMT for terminated unearned income. Workers will no longer have to manually remove terminated earned or unearned income from the case if either of these two new Income Types are used when adding income to a case. See transmittal for details.
<u>APD-IM-16-104</u>	11/17/16	In-home Time Study Update - Aging and People with Disabilities (APD) is contracted with Public Consulting Group (PCG) to conduct a time and motion study. Additional details of this study may be found in <u>APD-AR-16-061</u> . See transmittal for details.
<u>APD-IM-16-105</u>	11/17/16	Updated Direct deposit form (DHS 7262i) - The direct deposit form (<u>DHS 7262i</u>) Independent Choices Program (ICP) consumers has been updated and includes a new location for the form and voided check to be sent. See transmittal for details.
